Documents attached:

The ACI marina in Rovinj, in Croatian Istria will be the first luxury resort in the region. The new facility is set to receive the 5-anchors classification, the highest possible mark and at €20.1m represents ACI's biggest investment yet in Croatia. Reconstruction work began in April 2017 on the marina, which dates back to 1984. When completed, it will offer two swimming pools, 196 berths for the boats of up to 35 meters and catering facilities. The project includes space for wellness, shops, offices, a boat service center and parking.
