Documents attached:

Bitdefender opened a new office at the Multinvest Business Center 2 (MBC2) building in Targu Mures, northern Romania. This is the company's fifth location in the country. Its other offices are located in Bucharest, Cluj-Napoca, Iasi and Timisoara. Bitdefender is planning to expand its office space in Iasi and Cluj-Napoca this year. The Romanian cybersecurity and anti-virus software company currently has 19 offices in 13 countries, including Australia and the Netherlands.
