Documents attached:

Fulga Dinu will be part of the business leaders mix to speak at CEDER Conference on 29th of May, at Radisson Blu Hotel, in Bucharest.

Fulga is the Country Manager Operations of one of the biggest real estate companies on the market, IMMOFINANZ. The experience gained throughout her career, as a real-estate banker and executive, gives her a 360° understanding of the business.

Fulga started her career in New York as an investment banker for JPMorgan. In the early 2000s, upon returning to Romania, she established and led the real-estate division of HVB Bank, at a time when the real-estate industry was taking shape. This experience was followed by the position of Country Manager at Eurohypo AG (at that time, the real estate lending arm of Commerzbank AG). This gave her the opportunity to grow with the market as she was directly involved in some of the largest real-estate projects and transactions in Romania, in retail, office and logistics. Further on, she consolidated this knowledge in executive positions in the real-estate industry for development companies.

Fulga is a solution-oriented person, with a hands-on approach, personally involved with her customers and very close to her team.

She is looking forward to contributing to the strengthening of IMMOFINANZ' market position, in the dynamic environment in which the company operates.

CEDER is the leading real estate conference in Romania, now in its 12th year and will take place on 29th of May, at Radisson Blu Hotel, in Bucharest. CEDER Conference brings together the market leaders, building every year an impressive mix of panellists whose pedigrees and experience are varied enough to ensure a healthy mix of considered viewpoints, to share with the 400+ people audience.
