Panattoni Europe is planning to develop a new logistic complex near the S3 motorway, 7 km west of Gorzów Wielkopolski. Panattoni Park Gorzów Wielkopolski will include two buildings, totaling nearly 70,000 sqm. Construction is scheduled to start in August 2019. “Panattoni Park Gorzów Wielkopolski boasts one of the more interesting locations of the warehousing map of Poland, because of the region it finds itself in,” said Dorota Jagodzińska, managing director at Panattoni Europe.
