Regina Maria, one of the main operators of medical services in Romania, will invest more than €5m this year to open new clinics around the country. In 2014, the company opened a medical clinic in Craiova, and this year, it signed a contract to develop a new €1.4m clinic in Iasi.

Regina Maria operates 21 clinics, four hospitals, two maternity hospitals, three medical campuses, five imaging centers, seven accredited laboratories, one stem cell bank and more than 140 partner clinics nationwide.
