Franklin Street has acquired Tropical Realty Appraisal Services in a move that will add a new line of services for the Tampa-grown firm. The company is based in Tampa but has offices in Miami, Atlanta and Key West. It completed 350 appraisals in the Southeastern U.S. last year and more than 6,500 since its creation in 1988. The acquisition will add 15 employees to Franklin Street. Terms of the deal were not disclosed. "We are now able to seamlessly offer our clients timely and high-quality valuation services in-house, allowing us to be even more competitive in the marketplace," said Franklin Street CEO Andrew Wright.
